CCA SECRETARY'S REPORT 2024

Competitions

Again, it was wet start to the season although the Association played more games than in 2023 which has to be good as the decline in team sports generally is seeing more clubs withdraw or merge with others just to keep going.

Invitation Cup 2023

The Invitation Cup final did not get played due to ground and dates issues in 2023 but on a warm day in early May Abington took on Horseheath in the final at Babraham.

Abington batting first set Horseheath a target of 290 for 3, starting well Horseheath were 42 without loss after seven overs, but could not keep this up ending on 238 for 8.

Man of the Match: Ollie Barnes pf Abington.

The Associations Cup Finals we're again played at Exning, we thank the club and ground staff for all the hard work that goes into hosting the finals.

Walker Invitation 20/20 Cup.

The Semi-finals and final were staged on the same day making for a great-days cricket with the weather on our side with a warm and dry day.

The first Semi-final saw Linton 2nds take on Cottenham 1st team with Linton batting first and setting a target of 129 for 5 off their 20 overs. In reply Cottenham chased this down scoring 132 for 2 and putting them into the final.

The second Semi-final saw Ramsey 2nds take on Thriplow 1st. Batting first Thriplow set a target of 170 for 5 off their 20 overs, Ramsey started well but in the end wasn't enough scoring 130 for 8 off their 20 overs. Thriplow won the right to play Cottenham in the final.

Cottenham put into bat and set a target of 165 for 8 of which Thriplow chased this down with on over to spare, scoring 168 for 5 and winning the Walker Cup for 2024.

Man of the Match was Toby Weston of Thriplow.

Lower Junior Cup

On a day again with the weather on our side four teams met for the Lower Junior Cup.

The first Semi-final saw Linton 2nds take on Barrington 1st, Linton won the toss and put Barrington into bat, setting a target of 152 for 6 off 20. Linton batting second had a target but struggled to reach this finishing on 122 all out, Barrington took the first spot in the final. The second Semi-final saw Cambridge NCI 3rds take on Fen Ditton, Cambridge NCI scoring 122 for 8 off their 20 overs, Fen Ditton chased that in just 17.5 overs finishing on 125 for 7, putting them into the final against Barrington. Barrington batting first only managed to achieve 73 for 9 off their 20 overs, in reply Fen Ditton took just 13.5 overs finishing on 77 for 4 seeing them lift the Lower Junior Cup. The Man of the Match: Ollie Gardner of Fen Ditton.

Junior Cup

This saw Bassingbourn again reach the final this time playing Girton. Set a target of 154 Girton looked to be in control at 139 for 6 after 37 overs but a hat-trick from Nuwan Athukorala in the 38th over offering Bassingbourn renewed hope. With Girton on 151 for 9 in the last over, lost their final wicket to give Bassingbourn a 3-run win with 4 balls left.

The Man of the Match was presented too: Nuwan Athukorala of Bassingbourn.

Invitation Cup 2024

The Invitation Cup Final was contested between Abington and Ramsey II. With Abington batting first, scored 151 for 9 off their 45 overs, in return Ramsey chased them down in 31 overs and therefore winning by 3 wickets.

The Man of the Match was Jon Cade of Ramsey.

Senior League.

The Senior League was won by City of Ely, who we wish well in their return to the Cambs & Hunts Premier Cricket League.

Junior League

Junior League Play-off this year was between Bassingbourn and Cam Kerala, winning the toss Bassingbourn put Cam Kerala into bat setting a target of 149 all out for Bassingbourn, which they achieved getting 152 for 8.

Best Kept Wicket

This award is for a Senior League Club with non-full-time Groundsman, this year's winner is Little Shelford.

B.W.C. Green Award

This year's award goes to Richard Young who is standing down from running the two Cambridgeshire Over 50' teams.

Additional Player Award

The Phil Watson award for the Additional Player who has played the most matches helping other Clubs is Pranav Shaji of Cam Kerala.

Umpires

Once again, we express our gratitude to the Umpires Association for providing officials throughout the season, but generally the situation regarding the number of umpires has reached a critical level of which the Association is trying in a small way to address by the awarding of points.

Finally, I would like to take this opportunity to thank all our sponsors for continuing to sponsor the Association, our Patron Mick Collis, President Ian Reid, Chairman Keith Coburn and all the members of the Council for all their hard work throughout the season.

Our Treasurer Richard Baker for his years of service to the Association as he is standing down at the 2024 AGM.

Martyn Livermore for his tireless work each week getting players registered and collecting the results to enter onto Play-cricket for everyone to see.

Jane Reeson

OTHER ITEMS OF NOTE

There was an increase in our mobile phones bill of £200 (£120 due to this being a 13 month period)

No Sponsorship of the League or Cups was received and handbook advertising remained at £300.

5 fines were raised for withdrawals of teams from the Leagues. There were 70 fines for Match Cancellations and 0 for Late Results submissions plus only 5 charges for late receipt of fines payments. This shows that Clubs are maintaining their compliance with rules.

The running of Ladies teams was taken over by Cambridgeshire Cricket Ltd. who it is understood are subsidising their costs.

The net cost of Handbooks was £173, which was much the same as 2023 but there is a £90 DECREASE in charges for 2024 and there is also a DECREASE of £570 in 2024 League Entry Fees, although there is an INCREASE in Affiliation Fees of £460

The Over 50s, 60s and 70s' County Teams net expenditure was £710 (including £310 for a De-Fribulator), which is a reduction of £117 compared to last year.

A second bank account was opened in January 2024 and Interest received was £416, however, we have been informed by Lloyds that they are changing our type of account in common with all undertakings that have the same type of account as us. We have no choice unless we change banks and, guess what, they are introducing bank charges for a monthly "Account Maintenance Fee", plus other charges depending on usage. This will be a new charge of £102 (2 Accounts) plus transaction costs.

CAMBRIDGESHIRE OVER 50'S REPORT 2024

If the 2023 season was Cambridgeshire Over 50's good, then the 2024 season equalled or surpassed it with the 1st XI once again reaching the National Semi-finals, and the 2nd XI continuing to build their competitiveness.

50+ 1st Team 2024

Having taken over as Captain, Ajaz Akhtar led the team superbly to win all seven of their group matches. Not only did Cambridgeshire finish top of their regional group, they had the best net run-rate in the whole Country! This 'top seed' status thus ensured all ensuing knock-out rounds would be played at home.

Cambridgeshire comfortably beat Gloucestershire and then knocked out Lancashire to reach the semi-finals for the second successive season.

Unfortunately, the semi-final against Wales was the team's poorest all-round performance of the season, and we were deservedly beaten - but reaching a final isn't meant to be easy.

In his debut season, batsman Will Earl earned the 'Player of the Year' award for his consistency and involvement in several match-winning partnerships. Will scored 412 runs over 8 innings, including 92 not out against Lancashire, plus two more 50's. Ajaz Akhtar was again the leading run-scorer with 456 runs, with Chris Jones, David Norman and Mark Drake also scoring heavily. The spin-twins Kevin Gilder (another debutant) and Martin Burton took 35 wickets between them, but as the scores shown below demonstrate, all the bowlers (supported by superb fielding) consistently dominated opposition... until the semi-final!

2024 league match results:

15 May h Won by 79 runs Cambridgeshire 201-9, Bedfordshire 131 all out

29 May h Won by 116 runs Cambridgeshire 227-6, Huntingdonshire 111-7

1/4 Final 11 Aug h Won by 114 runs Cambridgeshire 233-4, Lancashire 119 all out

Semi-final 25 Aug h Lost by 45 runs Wales 201-7, Cambridgeshire 156 all out

50+ 2nd Team 2024

The 2nd XI again finished at the wrong end of their regional league but did at least moved up one place. The team again just squeezed into the knockout stages, and were drawn at home in the Plate Quarter-final, but despite posting their highest total of the season they weren't able to defend it.

The standard of the 2nd XI Championship keeps improving, but 2's Captain Cameron Petrie is confident the squad will be ready to meet that challenge.

The 2nds XI's 'Player of the Year' was shared between debutant batsman Mark Hodgson and bowler Gary Ellis.

Mark went past 50 twice in his five innings, and was one of three batsmen to score over 200 runs over the season, along with Mark Critoph and skipper Cam Petrie, but batting was generally too inconsistent. After debuting in the final game of 2023, Gary Ellis went on to become leading wicket-taker in 2024 with 19 dismissals, followed by Ed Flatman with 10. The remaining 12 bowlers only managed 33 wickets between them so Cambridgeshire could do with further sharpening up their bowling attack.

CAMBRIDGESHIRE OVER 60'S & 70's REPORT 2024

Cambs/Hunts Over 70s left their best 'til last when they won the National Bowl on a very uncricket-like day in Banbury during the first week of September.

The margin of victory over Buckinghamshire Over 70s was just a single run. Man of the Match was Jaspal Singh, who batted beautifully for his 56 not out – sharing in an unbeaten fifth wicket stand of 104 runs with Ashley Brown.

Four of the side – Mick Ketteridge, Pat Ringham, Stuart Unwin and Mick Douglas – had previously helped lift the Over 60s 1st XI Bowl trophy way back in 2013!

The Over 70s won 50 per cent of their matches, including beating the Wales team who competed in the Over 70s World Cup, in the semi-final of the Bowl. Mick Ketteridge teased us with another 'retirement threat' only to top score with a 520-run tally, that included a century after the long trip to Wakefield.

On the bowling front, Paul King finished with 24 wickets, which puts him among the elite for his age in the country!

The Over 60s 1st XI were down on wins mainly due to the absence of skipper Nigel Gadsby, who only played half the matches but still averaged 87 with a top score of 138 to his name.

Player-manager Nick Andrews was again among the wickets, during a summer which saw him help England Over 70s become World Cup winners.

The remaining side – Cambs/Hunts Over 60s 2nd XI – were involved in numerous tense finishes, but could only pick up one victory in the league and one win in the Bowl.

Skipper Barry Cavilla was the leading run-scorer with 503 runs and his vice-captain Kevin Sequenza topped the bowling with 14 wickets.

We have made one or two changes for the 2025 season: Mike Hudson has taken over from me as chairman, Richard Young will skipper the Over 60s 2nd XI and Nick Andrews will lead the Over 70s.

Once again I would like to express our gratitude to the Cambridgeshire Cricket Association for their continued support and in particular to treasurer Richard Baker. The contribution from the CCA covers the cost of balls and subscriptions, with the players paying for the grounds, teas, umpires and travel.

Finally, many thanks to all the clubs who support us with their grounds, to the umpires who turn up each week and to Dave Coleman who continues to score for the Over 70s and is cheap to run on three-plus pints per match!

Cambridgeshire & Huntingdonshire Grounds Association

The Cambridgeshire & Huntingdonshire Association was initiated to support the counties groundsman, with the aim to support the continued improvement of playing surfaces at all levels of the game.

The association provides a link between the volunteer grounds man, through to the first class arena. It allows likeminded, dedicated individuals access to a wealth of knowledge from their peers, who are working in similar conditions and, more often than not, encountering similar issues.

The Grounds Association provides training at a local level as well as linking to national IOG course running in the county.

They can also offer free professional help and assistance with Pitch Advisors.

Cambridgeshire & Huntingdonshire have two trailers holding specialist equipment that is essential for the preparation of quality cricket squares, Football Pitch Goal Renovation and Bowls Greens. This equipment may not be readily available to your club, and it can be difficult and costly to hire from local dealers.

You have nothing to lose and everything to gain by joining now. The Association also has access to a local supplier where we can get discounted deals to suit you at affordable prices.

So don't struggle on trying to make do with whatever your club has to offer you in the way of equipment; take advantage of the best equipment available and make a difference to your surfaces now. You will soon notice the improvement.

Association membership costs £10 for the year, the benefits of association membership includes invitation to a range of meeting dates, where members enjoy sharing information and ideas, as well as listening to a series of presentations by experts who share their knowledge through talks and demonstrations.

Membership also includes discount fees on IOG/ECB courses as well as locally run training courses. These give Groundsmen new and old the opportunity to increase their knowledge, from the basics to the more advanced aspects of turf management.

ECB Guidance Note: Safety measures for helmets within recreational cricket

The ECB has recently announced new helmet safety measures, which are being introduced with a view to reducing the risk of head and facial injuries within the game. The purpose of this brief note is to assist Leagues and Clubs at the recreational level to understand the key elements of these changes and what they mean.

Players over the age of 18

The ECB strongly recommends that all adult recreational cricketers should wear helmets for certain activities, preferably which meet the most recent British Safety Standard (see below). This recommendation applies to batting against all types of bowling, wicket-keepers standing up to the wicket (who may as an alternative wear face protectors) and fielders fielding closer than eight yards from the batsman's middle stump, except behind the wicket on the off side.

Under 18s

The position in relation to u18s currently remains unchanged, and is governed by the 'ECB Guidance on the Wearing of Cricket Helmets by Young Players' (www.ecb.co.uk/youngplayershelmetguidance). In essence, batsmen and wicket-keepers standing up to the stumps must wear head protection when playing or practising. That Guidance should be referred to in full for the position in relation to u18s.

British Safety Standard

The latest British Safety Standard is **BS7928:2013** (for both adults and juniors). The full list of helmets meeting this standard is available at www.ecb.co.uk/helmets. For wicket-keeping face protectors the relevant British Safety Standard is BS7929-2:2009 (again, for both adults and juniors).

The ECB understands that there is currently no specific women's helmet and as a consequence no specific standard for women's cricket helmets. As the size of the standard women's cricket ball is between the standard men and junior balls, it is recommended that women use helmets that have been tested against both the men's and junior sized ball, or at least against the junior size ball (as that could potentially get through the gap above the face guard on a men's helmet).

What do Leagues and Clubs need to do?

Whilst it is strongly recommended that all adult recreational cricketers wear helmets in the on-field circumstances detailed above, it is not mandatory for them to do so. For the avoidance of doubt, Leagues or Clubs do not need to go above and beyond the ECB's recommendation by forcing their cricketers to wear helmets.

However, Leagues and Clubs in recreational cricket should ensure that their cricketers are made aware of the ECB's above recommendation in relation to helmets, including the need to check that any newly purchased helmets meet the latest British Safety Standard. The ECB recommends that Leagues and Clubs bring the link above (i.e. www.ecb.co.uk/helmets) to the attention of their cricketers and encourage all cricketers to carefully consider their own health and safety regarding helmet use.

Leagues and Clubs should always ensure that they have adequate public liability insurance.

February 2016

Are you batting, close fielding or keeping wicket?

Get protected by wearing the latest British Standard helmet.

HAVE
FUN.
STAY
SAFE.

BS7928:2013 is the latest helmet standard to look for on both adult and junior helmets.

Does your helmet pass the test?

Only use junior helmets that have been tested against a junior ball.

Women's helmets should be tested against both men's and junior balls.

U18 players should all be wearing the newest standard helmet for matches and practice sessions.

ECB FAST BOWLING MATCH DIRECTIVES

Issued October 2009

Age	Max. overs per spell	Max. overs per day
Up to 13	5	10
U14, U15	6	12
U16, U17, U18, U19	7	18

For the purposes of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would in **normal circumstances** stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end. **A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded.** If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number of overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end. If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast.

Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times.

For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row.

Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

ECB Guidelines for Junior Players in Open Age Group Cricket

The ECB has issued guidance covering the selection and participation of young players in open age group cricket. This is to help clubs decide when to select young players in open age group cricket and how best to help their cricketing development when they play within open age groups. The ECB keeps these guidelines under review and, following feedback from clubs and leagues, has revised these guidelines for the 2011 season. The ECB will continue to monitor the impact of these guidelines and you are invited to feedback your thoughts and comments in writing to the ECB Non-First Class Cricket Department.

The guidance is as follows:

- Making the step up from junior to open age group cricket is a significant event in any player's cricket experience. Ensure the player's safety, personal development needs and overall cricket experience are considered
- There is no definitive age at which a player should be introduced to open age group cricket, but each case is to be determined on an individual basis, depending on the player's ability and stage of cognitive and emotional maturity to take part at this level. That said clubs, squad coaches and managers must take into account the requirements on age detailed in the last bullet of this guidance
- ECB Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in open age group cricket
- Provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game
- Be supportive, at all times, for all forms of effort even when children are not successful. Try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement
- Try and involve them in all aspects of the game wherever possible i.e. socialising, team talks, practice, decision making and so on, so they feel part of the team
- Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side
- Remember, children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else
- Players who are selected in a County U12 squad in spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'district level' for that season are eligible to play open age cricket. This is providing they are at least 11 years old, are in School Year 7 on 1st September in the year preceding the season, and have written parental consent to play. In allowing these players to play in open age cricket it is essential clubs and coaches recognise the 'duty of care' obligations they have towards these young players

The League will conduct random checks of scorecards published on Play-cricket.com throughout the season and in the event of any infringements has the power to deduct points and/or impose financial penalties and/or relegate teams as it sees fit.

Clubs must register their players in the following categories:

Category 1:

Players who are deemed 'Ordinarily Resident' and have been in England and Wales for a minimum of 210 days per year between 1st April and 31st March following their first year of entry and are deemed to be 'Home Players' in England & Wales.

For the purposes of Cambridgeshire & Huntingdonshire Premier League Cricket "Ordinarily Resident" is determined by the League on the basis

that the player has been resident in England and Wales for a period of 18 consecutive months, prior to the date of request for registration, and has not been out of England or Wales for more than 35 days, consecutively, or 70 days, in total, during the previous 24 months

Category 3:

Players not deemed 'Ordinarily Resident'.

No team shall field more than one Category 3 player and one on a working or student Visa.

These visa types within cricket are not Permitted: -

- Tier 5 Creative and Sporting
- Standard Visitor Visa
- Non-Visa Nationals (not an actual visa)
- Tier 5 Youth Mobility
- Tier 4 (Student)

In relation to the registration of Category 3 players: -

Clubs must ensure that all relevant regulations are complied with and, any points gained from a game where more than one Category 3 player plays, any points gained will be deducted. If they are not, any such player will be deemed ineligible for registration.

Registration will be via Play-cricket and Clubs must forward a copy of the player's passport, and Visa that allows him/her to play cricket /work in the United Kingdom, before the Registration is confirmed.

For unqualified players seeking 'home status' they must forward a signed copy of the following declaration:-

I confirm that I have been resident in England and Wales for the past 18 months and, during that period, I have not been outside England and Wales for longer than 35 days, consecutively, or 70 days in total. I, also, confirm that any payment that I receive for playing cricket is not my main source of income. I understand that the punishment for making a false declaration, in this regard, will be severe and will, most likely, result in a lengthy ban, which will apply to all forms of recreational cricket in England and Wales".

The declaration must be submitted to the league with a copy of the player's passport, or a copy of the visa that allows him/her to remain in the United Kingdom,

In the event of a player making a false declaration, the club will, also, be liable to disciplinary action if it has failed to carry out all reasonable checks on the player's documentary evidence. Clubs will, therefore, be expected to keep a record of such checks.

If a player who has been granted qualified status, due to personal reasons, has to leave England, Wales, for longer than the permitted period, or a player who has a home in England, Wales, the Channel Islands or the Isle of Man and has been granted "exempt" status, who, subsequently, accepts

a temporary work assignment, unconnected to cricket, in another country, may apply to reinstate his/her "exempt" status immediately on his return. Approval is at the discretion of the league and may not be automatic.

Players may register and play for only club in the East Anglian Premier League or the top division of any other ECB Premier League Pyramid.

Junior Players

Junior Players who play in the under 16 or younger age groups may register for a second club but cannot play for more than one team in the same division.

Transfers

Transfers are permitted.

The Players new club will enter onto Play-cricket and the Club the player is leaving will have 4 days (during the season or 7 days in the close season) to agree the move .The only grounds for withholding are outstanding financial matters or disciplinary matters hence an objection should be entered. Failure on either count will result in the Competitions Secretary approving transfer.

Overseas players must be shown as such on the registration form.

In exceptional circumstances the decision on whether or not a player is to be registered in the overseas category will be at the discretion of the General Purposes.

Only players under 12 on the 31st August of the previous year will be permitted to play in Association matches and only if they are in a current years under 12 County Squad.

Players who are not, and those younger will not be permitted to play in any Association matches.

Any Club playing an ineligible or unregistered player shall be subject to a fine of £20 in respect of each player and the match awarded to their opponents. This fine will be non-negotiable.

If a player wishes to transfer to another Club, he must obtain the consent of the Club that he wishes to leave. This must be notified to the Competitions Secretary of the Association who will record the date received and transfer of his/her registration to the new Club. The player will be eligible to play for his new Club after four full days have elapsed from the date of his new registration. The player's signature must be submitted during the four days or shown on the relevant result card of the first match in which he plays for the new Club. The transfer will not be effective if the above is not complied with. This must be carried out before commencement of play.

If a player wishes to register for a club but is already registered for another Club, then they must ask the players present club to de-register him/her. The Players current Club have 4 days to de-register the player,

the only reason for a player not to be de-registered is any outstanding financial commitments. A fine of £20 will be levied against the players current Club, and the player will be automatically transferred if this is not done within 4 days.

No Player who has represented another Club in either Cambridgeshire or Huntingdonshire in any season can transfer to another Club after 31st July in that season.

For every match, each captain will nominate his players by entering their names on his result card and making it available to the opposing captain.

12. QUALIFICATION OF PLAYERS. Each club may play a bona-fide member provided he/she has been registered in accordance with Rule 11.

In all League and Cup matches a maximum of three players who have played more than one of the last three games completed by a higher team can 'trade down' and represent a lower team. This rule is summarised in the following table for a club with three teams.

A maximum of three 'Quota' players can turn out for the relevant team.

In the Invitation and Walker Invitation Cup Competitions, teams will not be permitted to play more than TWO players, who have played in more than THREE completed Cambs & Hunts Premier or ECB Premier Leagues matches in that season.

In the Junior Cup, teams will not be permitted to play any more than ONE player, who has played in more than THREE completed CCA Senior League matches in that season.

In the Lower Junior Cup, teams will not be permitted to play ANY player who has played in more than THREE completed CCA Senior or Junior League matches for a higher placed team of that players Club.

No player who has played in any ECB Premier League or Cambs & Hunts Premier League matches in that season will be permitted to play in the Junior or Lower Junior Cups.

Additional Player's: An additional player may play any number of guest games in a season for other teams but may not play more than five games for any one team in a season.

A team may include a maximum of three of these additional players. The rule about having a maximum of three players from higher teams still applies.

A player can play in higher Senior and Junior League divisions but may only drop down one division e.g., a player usually playing their cricket in Junior Division 1 can play in either Senior 1,2,3 or Junior Division 1 or Division 2, and a player usually playing in Junior Division 3 can play in Senior 1,2,3 and Junior 1,2,3 and 4. An additional player cannot play for another club in the same division as the club they are registered for. If in doubt contact the Competitions Secretary

Any player wishing to be added to the additional players list should complete the registration form and return this to the Competitions Secretary by email to cca.apl18@gmail.com During the season, all completed registration forms should be received by 6pm on Tuesday prior to the next weekend's games. The new list will be circulated regularly to CCA League clubs. The list will also appear on the CCA Additional Players List Facebook page <https://www.facebook.com/groups/CCAAPlist>, but without contact details for each player. Once registered on the AP list the player will be assigned an AP number to pass on to the clubs you are playing for as an Additional Player. Players should not play for another club until receiving this number, otherwise you will be deemed unregistered. If you wish to be added to the Additional Players List for 2023, please complete and return this form to Martyn Livermore, email to cca.apl18@gmail.com

These start times maybe changed with the consent of the Competition Secretary and with the agreement of both sides. The Walker Invitation 20/20 & Lower Junior Cup Competitions will commence at 2.00 p.m. with the exception of the finals day.

If any Club is not ready to commence play at the appointed time (wet or fine, unavoidable accidents excepted) the Umpires must report to the Secretary the defaulting Club or Clubs, and they shall be fined £10.00.

A team causing a delayed start to a match by failing to arrive in time shall automatically forfeit the toss.

If the break in the innings and the tea interval coincide a period of not exceeding 20 minutes will be allowed. If these intervals do not coincide the combined period shall not exceed 30 minutes. An incoming batsman must pass the outgoing batsman on the field of play. Umpires must strictly enforce these rules: also report any player who unduly wastes time on the field of play (Note: 'Field of Play' means within the boundary).

If for any reason a bowler is unable to complete an over, the outstanding deliveries shall be completed by another bowler and that part over counts as complete of his allocation.

In all Association matches any high full pitched ball (beamer) regardless of pace, that passes over waist height of the striker standing upright shall be called and and signalled "no ball".

Declarations: In League Matches, the team batting first may declare it's innings closed before their allotted overs have been bowled, but this shall be recorded as "all out" and the team bowling first will receive the maximum bowling points. A declaration shall not change the number of overs allotted to the team batting second.

Senior and Junior Leagues.

If teams finish the season with an equal number of points their league positions will be decided as follows: (i) total points in matches between the teams (most relevant) (ii) total wins, regardless of on field via concession (total wins as why penalise a team if opposition concedes)

(iii) total bonus points

(iv) total runs divided by total wickets, higher average.

14. **FIXTURES.** Dates of all matches shall be arranged at meetings by The Chairman & Competitions Secretary. After **31st January** no alteration of dates shall be permitted. Application for such alterations shall be made by both Clubs concerned.

15. **FULFILLMENT OF FIXTURES.** League matches should commence not later than the first Saturday in May and must be completed by the third Saturday in September, except for deciding matches, semi-finals and finals, the dates of which are fixed by the Council; these must be completed by 30th September.

From 1st April onwards matches must be played on the dates arranged or although these dates can be amended under the following terms by application to the Competitions Secretary: (a) The application is made at least four weeks before the original date of the fixture. (b) The application is made jointly by both clubs concerned: (c) The proposed date must be a Saturday. No fixture can be postponed in order to play other matches outside the Association's jurisdiction, with the exception of the National Club or National Village Championships. Higher Division matches must not be cancelled in order to play matches in a lower Division.

Any infringement will result in the defaulting club being subject to a fine of **£25** and the match awarded to their opponents. They will forfeit any points gained from the match.

Applications to League Competitions shall be made to the Competitions Secretary by the **31st October** each year, and applications to the Cup

Competitions by the **31st January** each year

Any club will be allowed to have one date for which their ground is unavailable for use during the season, Clubs will be given till **30th November** to inform the Competitions Secretary of any dates that their ground is unavailable for use. After that date clubs will be responsible for finding an alternate venue to stage any home fixture scheduled.

No match shall be prematurely cancelled due to inclement weather unless mutually agreed by the respective Club Secretaries or bona-fide Club Representatives.

In the case of matches being played on public fields or parks, the ultimate decision for cancellation of matches due to inclement weather must be left to the respective ground superintendents. In the event of a League or Cup fixture being cancelled which, in the opinion of the Council, is considered to be unjustified, the defaulting Club shall incur a fine of **£20** and the match shall be awarded to their opponents. Any team that cancels three or more matches in a season due to the non-availability of players will automatically be relegated to a lower division. This rule will take precedence at the end of the season regardless of the league position attained by the team. Any team defaulting in three or more matches will be allowed to complete their league programme but will not be considered eligible to win their division or be promoted. On the first default a **£25** fine will be implemented, on the second default a **£25** fine will be implemented, on the third default a **£35** fine will be implemented and on the fourth and subsequent defaults a **£45** fine will be implemented.

All Senior League fixtures take precedence over all Competitions, this rule will be strictly adhered too. In the case of any withdrawal from a Competition, or other alteration, it is the duty of the Club Secretary to immediately notify all Clubs affected, also the Competitions Secretary of the Association. It is also the responsibility of the home team to notify the Competitions Secretary if any match is cancelled unless the away team defaults and then it is their responsibility.

Any club which, having entered a League Competition, then withdraws shall be subject to a fine of **£50**.

Rearrangement of Fixtures

Teams in divisions of 8 teams or fewer (at the start of the season) are permitted to attempt to rearrange games lost to the weather. Rearrangements must be confirmed by both clubs to the Competitions Secretary by the Friday of the week after the game was due to be played. If no arrangement can be met, the original result of "cancelled" stands. This option is not available if a game starts and is subsequently abandoned.

16. **SUBSTITUTES.** Any team shall not be allowed to play more than two substitutes in any match and they shall be debarred from batting, bowling or wicket keeping.

17. **RESULTS OF MATCHES.** It is the responsibility of the **home team** to notify the Competitions Secretary of the scores of their match by text, email or enter the result on the www.play-cricket.com website for both CCA League and Cup fixtures by **10pm** on the day of the match.

Failure to enter the information will result in a **£10** fine for each occasion. (Should any club have a problem with uploading the information by **11pm** as long as they have informed the Competition Secretary no fine will be issued.)

Home teams using a scoring App you may upload your scorecards to the website. All other home teams (not using the App should upload their scorecard by Tuesday of the following week by 6pm.) Failure to do so will incur a fine of **£10**.

The **home team** shall send the result of each match together with the names of players of both teams on the card provided, and posted in the envelope provided, to be signed by both umpires (if present) either (a) by post or (b) by emailing a scanned PDF of the card to the Competition Secretary to arrive by the Friday following the match; any club neglecting to do so shall be fined **£5** for the first two occasions and **£10** for all subsequent offences.

After a team has incurred three fines during a season any subsequent breach of the rule will automatically incur a 5-point deduction from the total league points gained by the team during the season.

Where the match is defaulted by a team it is the responsibility of the defaulting team to inform the Competitions Secretary of games default. By implication the match can be texted or emailed failure to do so will incur a **£10** fine on the defaulting team. There is no need for the home team to report any such cancellation.

If a team spots an error in the score, they must report this to the Competitions Secretary by the Sunday following the game by **10pm**.

18. **GROUNDS.** No club or team shall change their listed home ground without prior consent of the Competitions Secretary. If permission is granted their opponents must be notified by the Monday before the match.

Boundries must be marked by a rope, board or a white line marked with flags at regular intervals.

Result cards will show three boxes labelled 'Good', 'Average' and 'Bad'. These are to be used by an official of the visiting team to indicate their assessment of the pitch used for the match. The Council will investigate when a pitch has received 3 'Bad' assessments.

The use of artificial pitches in the Senior League will not be permitted. All clubs playing in the Senior and Junior Leagues must ensure they have a "home" ground available for eighteen home games in any one season.

19. DISCIPLINE, APPEALS & PROTESTS. Appeals and protests with regard to cancellation of matches, players or any other matter shall be made in writing to the Secretary within seven days, and must be accompanied by a deposit of **£40.00** as guarantee of good faith, which shall be forfeited if the Protest or Appeal is dismissed. Any costs maybe passed on to the Club or Clubs and any Club requesting an investigation will incur a fee of **£20**.

The aim of this Policy is to ensure that everyone is treated fairly and with respect and that The League is equally accessible to all.

All participants should abide and adhere to this Policy and to the requirements of the Equality Act 2010.

The Associations commitment is to promote inclusion and to confront and eliminate discrimination whether by reason of age, gender, gender reassignment, sexual orientation, marital status or civil partnership, race, nationality, ethnic origin, colour, religion or belief, ability or disability, pregnancy and maternity and to encourage equal opportunities. This Policy is fully supported by the Council who are responsible for the implementation of this Policy.

The Association will ensure that it treats people fairly and with respect and that it will provide access and opportunities for all members of the community to take part in, and enjoy, its activities.

The Association will not tolerate harassment, including sexual harassment, bullying, abuse or victimisation of a participant, which for the purposes of this Policy and the actions and sanction applicable is regarded as discrimination, whether physical or verbal. The League will work to ensure that such behaviour is met with appropriate action in whatever context it occurs.

The Association commits itself to the immediate investigation of any allegation, when it is brought to their attention, of discrimination and where such is found to be the case, The Association will require that the practice stop and impose sanctions as appropriate.

The Association is committed to inclusion and anti-discrimination and raising awareness and educating, investigating concerns and applying relevant and proportionate sanctions, campaigning, achieving independently verified equality standards, widening diversity and representation and promoting diverse role models are all key actions to promote inclusion and eradicate discrimination within cricket.

The Cambridgeshire Association is to ensure cricket is accessible to all regardless of:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

We are committed to applying standards and values throughout the game at all levels to ensure Cricket can be enjoyed by anyone who wants to participate in it. All forms of discrimination are unacceptable and will be responded to with a zero tolerance approach.

We will continue to work to remove any obstacles to access and progression in all roles including playing, officiating, coaching and administering.

SOCIAL MEDIA POLICY

Video streams, photographs and recordings are not to be used to question decisions of umpires or as a Decision Referral System. Their primary purpose should not be for use in disciplinary hearings although incidental use for this purpose may be appropriate in some cases.

If a club plans to live stream, take photographs, make a recording or publish or share any audio-visual material on any social media platform from any cricket match under the auspices of the ECB they will need to notify the League, the umpires and scorers and the other side of your intention and must have their permission, at least 48 hours in advance before doing so. If sufficient notice and permission is not given, the match should not be streamed, photographed or filmed.

Parents or carers should not be prevented from taking pictures of, or filming, children, young people and players. These are normal family practices and help mark milestones in a player's life and can enhance a player and his or her family's enjoyment of cricket significantly. Clubs should, however, remind parents or carers and others attending

matches that they do not have the automatic right to stream or post images of other people's children online. They should also be cautious about tagging other children in any posts that they upload. If any player's parent or carer has indicated that they are not to be photographed or filmed, neither photography nor filming of him or her should be allowed. Spectators and any other persons attending the match or event must be made aware that live streaming, photography and/or audio-visual recording will be taking place. This should be done by displaying a clear and prominent notice.

Images and, potentially, audio recordings of individuals are personal data and you must comply with data protection law (including the Data Protection Act 2018 and the UK GDPR) when live streaming, photographing or recording them, using them or sharing them.

If a player or any other person to be photographed, recorded or live streamed is under 18 years of age, their parent or carer must give written permission on their behalf. Consent must be sought from each individual before capturing, streaming, sharing or publishing their image, including posting it on the club website, Play-cricket or on social media channels. If a child is to be photographed or filmed and the club is aware that he or she is subject to custody arrangements where each parent or carer has custody rights, you should seek consent from each parent or carer.

Cameras must not be sited in any area where individuals can reasonably expect to have privacy such as in changing rooms.

If images are published, they should not name a child involved online. Images of children in appropriate kit to reduce the risk of inappropriate use, and to provide positive images of the children. Care should be taken when considering "tagging".

The League requires that its social media policy is fully observed and that any clips that players or members of a club may take are not used to criticise or vilify any player, umpire or official. Any derogatory comments criticising the League, it's Officials or match officials on social media or in the press will result in an automatic 10-point deduction in addition to any other penalties. This also covers any additional comments from members of other clubs.

Cambridgeshire Cricket Association

Additional Players List 2025

Once again, this year, the Additional Players list is for players of both Senior and Junior Leagues.

An additional player may play any number of guest games in a season for other teams but may not play more than five games for any one team in a season.

A team may include a maximum of three of these additional players.

The rule about having a maximum of three players from higher teams still applies.

A player can play in higher Senior and Junior League divisions but may only drop down one division e.g., a player usually playing their cricket in Junior Division 1 can play in either Senior 1,2,3 or Junior Division 1 or Division 2, and a player usually playing in Junior Division 3 can play in Senior 1,2,3 and Junior 1,2,3 and 4. An additional player cannot play for another club in the same division as the club they are registered for.

If in doubt contact the Competitions Secretary

Any player wishing to be added to the additional players list should complete the registration form and return this to the Competitions Secretary by email to cca.apl18@gmail.com

During the season, all completed registration forms should be received by 6pm on Tuesday prior to the next weekend's games. The new list will be circulated regularly to CCA League clubs.

The list will also appear on the CCA Additional Players List Facebook page

<https://www.facebook.com/groups/CCAAPlist>, but without contact details for each player.

Once registered on the AP list the player will be assigned an AP number to pass on to the clubs you are playing for as an Additional Player.

Players should not play for another club until receiving this number, otherwise you will be deemed unregistered.

If you wish to be added to the Additional Players List for 2023, please complete and return this form to Martyn Livermore, email to cca.apl18@gmail.com

Conduct which is not fair and proper and will therefore result in a breach of these RCR shall be reported either to the Umpire, in which case the Umpire will make a disciplinary report, or to the Disciplinary Officer directly by way of written complaint (for example, if the on-field breach relates to a match official). If any cricketer commits two or more Levels 3 or 4 offences when playing for the same club in a season it shall automatically be a separate offence of failing to ensure that the relevant cricketers have complied with their obligations for each of:

- (a) Any person who captained the team in each of the relevant match(es)
- (b) The club the cricketer was playing for.

Clubs shall also be held responsible for disorderly behaviour at any part of the cricket ground on any match day by their members and spectators, unless they can show that:

- (a) they took adequate steps to ensure that their members and spectators behaved in an orderly fashion
- (b) they did not or could not control entry to that part of the cricket ground by the relevant spectators and it would therefore not be fair for them to be held responsible.

Off-field Conduct

Any participant shall be in breach of these RCR if they commit any misconduct as set out below which either relates to their participation in recreational cricket and/or is of a sufficiently serious nature to justify disciplinary action being taken in relation to their participation in recreational cricket:

(c) engaging in behaviour that constitutes any form of abuse or harassment, whether physical, sexual, emotional, neglectful or bullying in nature

(c) any of its Participants commit any serious, collective or repeated breaches of these regulations

(d) commits any breach of its obligations under the ECB Anti-Discrimination Code;

(e) fails to comply with any decision(s) and/or sanction(s) validly imposed on it or on any person within the organisation, which has arisen following due process as prescribed by these regulations.

In addition

Repeat offences are within 24 calendar months

Fines will not be issued, only cautions and match bans

Any offence ban will be increased by one match if it is for a Captain for failing to control his players

Any Level One or Two reports will carry automatic bans and will not result in a hearing.

Any bans will only apply to the competition the offence(s) occurred in and not to any other matches

Application for Vice President Status / Sponsorship

The Cambridge Cricket Association is a constituent part of the English & Wales Cricket Board and, as such, provides the opportunity for men, boys, ladies and girls to take part in local cricket and to progress to play higher grades.

Please support your local Association financially to provide the structure and administration to carry out its objectives.

By becoming a Vice President you will be seen to support local sport and your name will be mentioned in the Association's annual handbook, a copy of which you will receive free of charge. **(Please complete the Standing Order below)**

Sponsorship is another option for being involved, which would give you the opportunity to take a full page advertisement in our hand book. It would also automatically enable you to nominate one person to become a Vice President. Send me a cheque (payable to "CCA") for your Vice President and Company to be included in the handbook, **which reaches 90**

Clubs throughout Cambridgeshire and its surrounding area.

(The printing deadline for entry into this years handbook as a VP or Sponsor is 14th March 2011, but applications after that date are most welcome. Any artwork must be provided)
